The North Carolina delegation goes to the St. Louis convention uninstructed. It may find out what to do when it gets there.

Somebody has said that "an excess of money is a disease." We guarantee absolute cure of that disease by a simple touch. Don't all speak at once.

According to the Republican platform the tariff can be revised up or down, whichever way the interests and conscience of the trusts will admit that "the interests of the country demand."

Chairman Cortelyou, of the Republican national committee, is preparing to loose his job. He declares that he will "take no dictation." He won't have to take it. It will be handed over to him.

We hate to see the axe laid up against any man's neck, but we would refuse to show any anxiety for particulars if Raisouli should kidnap the fellow who raised the tune "Four years more of Theodore."

At the Chicago convention it was charged that Gas Addicks spent $390,000 to obtain the election of his henchman and elect himself a United States Senator from Delaware. Addicks denied it. The amount really did not exceed $389,-999.99.

Hector Fuller, the war correspondent who saw everything in Port Arthur while he was blindfolded, is faithfully paying the Russians the price of his ransom. His stories will probably line up with those under the Chefoo, Tokio and London date lines.

Quoth the Washington *Post*: "Senator Fairbanks' silence made Judge Parker's reticence seem almost boisterous by comparison." This silence among all the candidates on the firing line is silent but strong commendation of the wisdom of the portentious silence which Judge Parker has been kicking up at Esopus.

The delegates to the Chicago convention have got a great joke on Senator Lodge. He did all the work and they had the fun. How joyful Col. Bryan would be if he could get the St. Louis convention by the umbilicus so as to make it perform like the Chicago convention did when Lodge and Roosevelt twisted the cord.

LOCAL DOTS.

— The infant child of Mr. and Mrs. Alex. S. Webb, of Raleigh, is still critically ill at Wrightsville Beach, but a slight improvement in its condition was noted yesterday.

— Maggie Davis, colored, charged with an affray in the old Racket Store alley, was fined $10 and costs in the Mayor's court yesterday. Gus Williams, colored, went to the roads for 30 days for disorderly conduct.

— The negro Owen Meredith, arrested by Constable Savage night before last for an assault and battery with a deadly weapon, was found guilty of a simple assault only in Justice Fowler's court yesterday and was let off upon payment of the costs.

— Campaign Manager R. G. Grady says he hopes to have President R. T. Vann, of the Baptist University at Raleigh, to deliver a public address in furtherance of the dispensary movement here the middle or the last of the present week.

— "Judge" Bornemann is the centre of attraction in any circle in which he moves. One of his young friends presented to him yesterday a kodak picture of himself seated on the pavilion at Carolina Beach during the Red Men's excursion.

— Mr. T. D. Love is here from Columbia, S. C., to settle the $3,500 insurance which he carried on the burned steamer "Highlander." He says he has not yet completed arrangements for another steamer to take the place of the "Highlander."

— Raleigh *Post*: "Mr. W. B. McKoy, a prominent attorney of Wilmington, spent last night in the city, returning home from the State convention at Greensboro. He says Wilmington is now making the greatest strides in internal improvements and expansion of business in her history."

— Lieut. Morris B. Chiswell, United States Revenue Cutter Service, has successfully passed his examination and received his appointment as second lieutenant. He will be stationed on the "Onandaga," at Philadelphia, as executive officer. He was lately second lieutenant on the revenue cutter "Gresham" at New York.

Ed. Brewer to the Roads.

Ed. Brewer, a young white man of good parentage, who has given the police no end of trouble on account of his habitual drunkenness for the past several years, was before the Mayor again yesterday, a wreck, physically and mentally. On account of his feeble condition he was let off a day or two ago upon a promise that he would leave town and behave himself. He paid little respect to the leniency shown him, however, and was drunk again Friday night. Wandering about the river, he fell overboard, but was pulled out and arrested by Policeman A. D. Smith. The Mayor had no alternative yesterday to sending the poor fellow to the roads for 30 days.

Postal Was Up-to-date.

The Postal Telegraph Co. was right up to date with its service during the State Convention. All night long on Thursday, until the balloting was over at Greensboro, the office here was kept open and the bulletins came in red-hot from the scene. Mr. A. B. Robinson held the key all night and the reports were quick and accurate. The Postal scored well with its convention constituents.

Back From Convention

Messrs. J. O. Carr, E. K. Bryan, Walker Taylor, T. W. Davis, Frank H. Stedman and C. W. Bidgood returned yesterday morning from Greensboro, where they attended the Democratic Convention. Maj. W. H. Bernard, Hon. Jno. D. Bellamy, Messrs. B. F. King, B. B. Jackson and others returned last night.

Local Port Paragraphs.

British Steamer "Planet Venus," 2,830 tons, Capt. Kelley, arrived late yesterday afternoon from Shields and will arrive up to-day or to-morrow. Schooner "Lillian Woodruff" cleared yesterday for Gonaives, Haiti, with cargo of lumber loaded at the Northrop mill; vessel by J. T. Riley & Co. She passed out at Southport at 4 P. M.

THE SUPERIOR COURT.

One Week Term for New Hanover County Will Be Convened To-morrow.

JUDGE ALLEN WILL PRESIDE.

Three Defendants for Trial Upon Charges of Murder—Docket the Lightest Ever Known—Few Cases of Interest—The Jurors.

New Hanover Superior Court for the trial of criminal causes will convene to-morrow morning at 10 o'clock and continue in session during the remainder of the week. Judge Oliver H. Allen, of Kinston, will preside by exchange with Judge Garland S. Ferguson. Solicitor Duffy arrived yesterday from Lenoir county, and has his docket in readiness for the beginning of work at once. Mrs. Duffy accompanied him and will spend the week at the beach.

Mr. Duffy says the docket is the lightest he has ever known in New Hanover county, there being only 25 cases for trial and most of these continuances from the last term. There are only about ten new cases. The majority of the prisoners in jail are female convicts from the Mayor's and magistrates' court, for whom no work can be found on the chain gang. Such convicts are used there only as domestics, and, of course, only a limited number can be employed in that way. The only important cases for trial at this term are those in which Albert Nelson and his stepdaughter, Bertha Nelson, both white, and Jane Williams, colored, are charged with the murder of the old negro Fisher in a house of questionable repute in McRee's alley about six weeks ago. The case was continued at the last term on account of a necessary delay by the grand jury in returning a true bill. By assignment of the court the prisoners will be defended by R. G. Grady, Woodus Kellum and Louis Goodman, Esqs. The trial will likely continue for two or three days and a special venire will be summoned.

The following jurors are drawn for the term: J. C. Davis, A. P. Merritt, Jno. M. Wright, Jake L. Solomon, W. A. McGowan, Geo. A. Peterson, W. P. Burns, G. H. Savage, H. H. Woebse, Paul P. Murphy, Thos. W. Wood, W. H. Dyson, F. A. Talbot, R. W. Street, R. L. Weaver, R. H. Bowden, W. B. Cooper, Chas. M. Wilson, R. J. Scarborough, J. A Brothers, W. E. Koonce, M. C. Huggins, Owen Fennell, W. M. Godwin, T. J. Pae, T. A. Watson, Jno. S. Hill, J. H. Hewett, J. C. Horne, O. P. Batton, Geo. T. Hewlett, W. H. Turlington, Wilkes Morris, J. W. Fleet, Wm. H. Merritt, E. A. Hughes.

Pistol Fell Out of His Pocket.

It was hard lines which fell to W. E. Tate, a country negro who yesterday sought to enhance the value of his kennels in the country from the number of dogs in the city pound upon which the tax has not been paid. Tate heard he could select most any breed of dog he wanted, if he visited the city pound right away. He went forthwith to the dog cart operators, Policemen Frank George and J. M. Wade, who told him that he had been informed correctly about getting any dog that he wanted, as the animals were to be killed anyway and the negro was not long in making a choice. He reached down to tie the favorite animal, but in doing so a pistol fell out of his pocket. Of course, the officers had no alternative to locking the colored man up for carrying a concealed weapon and in the station house he awaits trial before the Mayor to-morrow.

Aldermen To-morrow Night.

The Board of Aldermen will meet to-morrow night at 8 o'clock to pass upon applications for liquor licenses for the six months ensuing July 1st. There appears no foundations for the report yesterday that the liquor men would ask for high license, a no-screen ordinance and an early closing law in view of the dispensary issue. It was rumored a few days ago that the saloon keepers were agitating a movement to close all their places for ten days prior to the election, as a campaign measure, the idea reputed to them being that with the close of the saloons the disinterested voter would be impressed favorably toward conditions as they now exist.

Seashore Hotel Guests.

Among yesterday's arrivals at the Seashore Hotel were Mrs. J. W. Wiggins and children, of Tarboro; Mr. and Mrs. F. E. Mitchell, James A. and C. Edward Mitchell, of Asheville; Mrs. W. T. Brown, Miss Leechie Vaughn, Miss Louis Brown and H. P. Brown, of Winston-Salem; R. J. McCarley, of Columbia, S. C.; Mrs. J. A. Bell and child, of Charlotte; Rev. and Mrs. A. B. Hunter, of Raleigh; Mr. and Mrs. H. M. Hamill, of Nashville, Tenn.

Sunday School Institute.

Mr. and Mrs. H. M. Hamill, the distinguished Sunday school workers, of Nashville, Tenn., who will conduct the institute at Grace M. E. church to-day, arrived yesterday and went down to the beach. The programme for the institute was published yesterday.

SALOON TEMPORARILY CLOSED.

Executions Levied Upon Judgments Against Messrs. J. F. Ennett & Co.

The saloon and restaurant of J. E. Ennett & Co. at southeast corner of Front and Dock streets, was closed yesterday for a short time upon executions issued by Justices Fowler and Bornemann following judgments in favor of the Southern Distilling Co., and Sol Bear & Co., the first named amounting to $108.57 and the latter, $82.57. The judgment of Messrs. Bear & Co. was secured through A. J. Marshall, Esq., and that of the Southern Distilling Co., through Herbert McClammy Esq., attorney. Soon after the place was closed Messrs. Ennett and C. E. Schachner, composing the firm of J. E. Ennett & Co., made satisfactory arrangements with the two creditors and the business was resumed.

Want a Beach Rate.

Charlotte *Observer*: "There are some Charlotte people who are kicking because the Seaboard will not, or rather has not, given a ten-day rate to Wilmington. Scores of Charlotte people are going to Wrightsville Beach and they justly desire a rate such as is given people in Atlanta, Ga., and other places. Atlanta has a ten-day rate of $10 to Wrightsville and return, on the Seaboard. The nearest approach Charlotte has to this is the week end rate of $4, which, however, allows a person only one day at the beach, going down Saturday and returning Monday. A ten-day rate of $5 would please Charlotte people and would gain the Seaboard patronage."

Real Estate Transfers.

By deeds filed for record yesterday Mrs. Annie J. Northrop transferred to Mrs. Mary Wright Northrop, for $10 and other considerations, property on south side of Dock, 100 feet east of Fifth street, 50x82½ feet in size, and Sarah Walker transferred to Maggie E. Carter, for $1 and other considerations, property on south side of Miller, 20 feet south side of Dickinson street, 20x66 feet in size.

Mr. Joe Crews Back.

Mr. Joe Crews, the well known musician and "all 'round good fellow," has arrived from New Haven, Conn., and joined the orchestra at the Seashore Hotel, Wrightsville Beach. Mr. Crews' many friends gave him the "glad hand" upon his arrival at the beach yesterday.

ON LOCAL DIAMONDS.

Academy Team Defeated Light Infantry by Close Score of Two to One.

A GAME WITH DELGADO.

Coast Line Team Lost to Mill Men. The Juvenile City League Furnished Two Good Exhibitions Yesterday—Standing of Clubs.

By the close score of two to one, the winning run having been made in the ninth inning, the Cape Fear Academy yesterday afternoon won the second of a series of three games with the Wilmington Light Infantry, making the record of "the best two out of three." The game was, perhaps, not so fast as the one the Saturday afternoon previous, but it was fully as interesting and exciting. The soldiers scored first in the third inning. Hatch was hit by a pitched ball, stole second and was scored by a bunch of hits by Green and Norwood Orrell: In the next inning the C. F. A. tied the score, Heide having gotten the initial bag on an error, stole second and later came home on another error. Then for four long innings neither team could break the tie and spectators were wondering if ten innings would be necessary to determine the result. The Infantry boys went to the bat for their half of the spasm but were retired in one, two, three order. The Academy team came up and sent the winning run over the pan, Moore having made a clean single, advanced to second and scored on a hit by Brinkley. The team work all around was good. The teams lined up as follows:

C. F. A.		W. L. I.
Moore, L.	c.	Gwaltney
Smith	p.	Wilson
Orrell, L.	1b.	Allen
Heide	2b.	Orrell, N.
Brinkley	ss.	Green

Batteries—Smith and Moore; Wilson and Gwaltney.

Summary—Struck out by Smith, 9; by Wilson, 6. Base on ball, Smith, 2: Wilson, 3. Two base hit, Moore and Mills. Time, 1:30. Umpire, Mr. Warren Johnson; scorer, Mr. Tom Wood. Attendance, 150.

A. C. L. vs. Delgado.

The Delgado team turned the tables on the Coast Line Seniors yesterday afternoon, winning the second of a series of three games by a score of 12 to 7. The contest was exciting from start to finish. Each team has now won a game and the contest for two out of the three will take place next Saturday. The feature of yesterday's game was the all-round work of the infield. The line-up was as follows:

A. C. L.		DELGADO
Moore	c.	Nash
Robertson	p.	Dupre
Reilly	1b.	Collins
Sallings	2b.	Bowen
Mintz	3b.	Bule
Sinclair	s. s.	Wood
Tripp	c f.	Cook
Darden	l f.	Richardson
Keen	r f.	Gold

The Railroad team claims to have been handicapped by the absence of several players. Mr. W. H. Freeman umpired the game.

Juvenile League Games.

	Won.	Lost.	Per Cent.
M. S. G.	4	0	1000
Financiers	2	2	.500
S. S. R.	1	3	.250
A. C. L. Jr's.	1	3	.250

The games in the Juvenile City League yesterday afternoon were interesting and well attended. The "Market Street Giants" have not yet tasted defeat and their percentage remains at a round one-thousand. The "Financiers" have won two and lost two, while the Seventh Streeters and Railroad Juniors have only one game each to their credit. Next Saturday, they propose to change the looks of the percentage sheet. The scores yesterday afternoon were M. S. G.'s, 9; Financiers, 5; Railroad Juniors, 11; S. S. R.s, 0. The batteries were Gerken and Seifert for the M. S. G.s; Gore and Boesch, for the Financiers; Alderman and Houston, for the Railroad Juniors and Taylor and Bulluck for the S. S. R.s.

Game at Fort Caswell

Yesterday afternoon's Fayetteville *Observer* says: "Fayetteville will play a match game with the Fort Caswell team, at that place, on Tuesday next. Fort Caswell has one of the best teams in the State and a good game of ball is assured."

Fourth at Carolina Beach.

There could be no better guarantee of a proper celebration of the great national holiday at Carolina Beach July 4th than to say that the exercises at that popular resort on the fourth will be in charge of the patriotic Junior Order of United American Mechanics. Jeff Davis Council, of this city, will have the celebration in charge and will run its annual excursion to the beach on that date. Juniors of all councils and their friends are invited to be present. Programme of events will be announced later.

The Glorious Fourth.

On account of the Fourth of July, the Atlantic Coast Line will sell round trip tickets July 2nd, 3rd and 4th, to all points south of the Ohio and Potomac and east of the Mississippi rivers, limited for return to July 8th, at one and one third first class fares.

OUR NEXT GOVERNOR.

The Hon. R. B. Glenn is now the choice of the entire Democracy of North Carolina for their next Governor. He is an able, courageous man, and will make a worthy successor of Governor Aycock The nominee is a wheel-horse on the stump, and as a reward for faithful services in behalf of the Democracy of our State, he will be enthusiastically and overwhelmingly elected on the 8th of next November.

CURRENT COMMENT.

—— Judge Parker is about the only public man who has not been misquoted since the Presidential argument began.—Philadelphia Inquirer.

—— New York stifles competition in the production of mean men. The latest offering is a ghoul who has been arrested for selling bogus tickets for an alleged benefit for the victims of the steamboat horror.—Washington Post.

—— After reading what the Republican newspapers say of the condition of the Democratic party in Illinois, and what the Democratic newspapers say of the condition of the Republican party in that State, it is difficult to see how the Prohibitionists can avoid carrying the State.—New York World.

—— Ex-Secretary Root boasted in his Chicago speech that the currency of the country has increased two or three hundred millions in the last four years. By the same token this is but a small portion of the world's increase in currency in the same period. Was this universal increase of money also the result of the financial and industrial policies of the Republican party?—Philadelphia Record.

—— Mr. Cortelyou says that as chairman of the national committee he will be chairman in fact as well as in name, the intimation being that he will not be the puppet of the Presidential candidate. But it was Mr. Roosevelt's interference with the Treasury and the Navy Departments that led Secretaries Gage and Long to resign, and it is useless to tell even a marine that the President will not direct the national committee with his man Cortelyou at its head.—Philadelphia Record.

TWINKLINGS.

— Ernestine—Jack has a horrid stiff beard coming out. The idea of his kissing me last night! Eva—Oh, I don't suppose he minds "scraping an acquaintance." — Chicago News.

— "Funny! there was a time when the barbers use to speak of my hair." "You mean before you began to get bald?" "Yes. Now they speak of my hairs."—Philadelphia Press.

— Ketchum A. Cummin — So your father objects to my calling to see you, does he? Anna Goe Wynne —Not at all. What he objects to is my being at home when you call.—Chicago Trine.

"I heard you giggling in the parlor last night," said the stern parent. "I think you must have been beside yourself."Oh, no," said the pretty girl, blushing deeply, "I was beside Charlie."—Chicago News.

— Cholly: I did think of going in for politics, but I was afwaid I wouldn't know just how to tweat my infewiahs, don't y'know. Peprey: Your inferiors? Oh, you wouldn't be likely to meet any of them.—Philadelphia Press.

— Truth Will Out: "So, madam, you married me to reform me, did you?" "I did, sir; but I had really no hope of doing it. I was suffering tortures from ennui, and when you proposed I was ready for almost anything that promised relief."—Chicago Tribune.

— "How's your new book selling?" "Fine, fine. It will be one of the heaviest sellers since 1880. I expect to make a fortune out of it." "I thought it had been barred from the public libraries." "I has been. That's why everybody buys it."—Chicago Journal.

— "Goodman's in a bad way. He's got such a sore throat he can't talk and——" "I saw him on the street to-day and he seems to have a black eye, too." "That's just it. Not being able to use his voice he can't explain to people that he got the back eye in a perfectly innocent way."—Philadelphia Press.

BAD BLOOD

Reveals itself in many ways. Sometimes the impurities in the blood mark and mar the skin with blotches, pimples, boils or other eruptions. Sometimes the result of bad blood is rheumatism or a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

"I thank God for the good your medicines have done me," writes Mr. James M. Sizemore, of Mitchell, Lawrence Co., Ind., Box 301. "I was not well for two years. My throat was always sore, head ached, and back ached nearly all the time. My weight was 135 pounds. I was taken sick with typhoid fever, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a vial of his 'Pleasant Pellets.' I discontinued the use of my doctor's medicine and began with the 'Golden Medical Discovery' and 'Pellets.' I at once began to feel better: the pain soon left my side and I could breathe with ease. In a week or so I felt so good I could not stay in the room. I began to walk about the streets; I felt better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 184 pounds and feel better than ever in my life."

but by partisan majorities in Congress.

There is not much difficulty in perceiving the sectional motive of this menace to the Southern States in regard to the elective franchise. Whenever the question of the suffrage has come up in the Federal Supreme Court it has uniformly decided that the qualifications for the elective franchise are to be dealt with by the several States. Hence the covert threat of taking this question from the courts and turning it over to party majorities in Congress. The Southern people are threatened with a sectional and racial issue over the suffrage in the effort of Republican politicians to persuade the negro that they are his only friends, and that the Democrats are his worst enemies. There are thousands of colored voters in the Northern States, and in order to retain their votes the authors of the Chicago platform do not scruple to raise an issue calculated to inflame the hatred of the negro race against the white people of the South.

The enemies of Southern civilization have "exhausted the judiciary" in their efforts to place certain Southern States at the mercy of a band of unscrupulous white men and hordes of ignorant negroes. They have zealously worked up their deviltry in every court from the lowest to the highest in the land, and having failed in their efforts, the Roosevelt Republican party in its platform now proposes a most revolutionary programme of hell raising. The worst part of it is that the Southern negro will catch it all. Whatever is accomplished by the revolutionary and reckless undertakings of his friends (?) it is sure that there will be nothing good in it for the negro. The Roosevelt crowd will not even promise citizenship to the Filipinos till they are prepared for it, and the South will take care of itself when it comes to forcing on Southern States a ruling class which Governor Russell, North Carolina's Republican Governor from 1894 to 1898, said were no more fit to rule than so many heathen dumped down from pagan Asia.

It has been 39 years since the war closed and the young men of the South especially are sick of sectionalism. If, however, the people of the North permit Roosevelt and Rooseveltism to triumph in November the boys of to-day will be gray-haired before they will see an end of the consequences.

Do the people of the American Union propose, for mere political purposes, to permit the peace of the people and the adhesiveness of the Republic to be endangered by the success of Roosevelt?

DIRTY WORK AT WASHINGTON.

Congressman Cowherd, chairman of the Democratic Congressional Committee, with his headquarters at Washington, was forced several days ago to protest against the action of Secretary Cortelyou in sending out from his department, at government expense, statistics which were palpably intended for political effect in the Presidential campaign. They were partisan statistics, too, concerning the cost of living compared to the alleged increase of wages, and that they are false is borne out by every day experience of the American people as well as by statistics from sources more reliable than Cortelyou has at hand.

Not content with using one department for partisan purposes in the campaign, there has been a scandalous misuse of the Congressional Record as a campaign document. The STAR received a surprise a few days ago in the familiar appearance of the Congressional Record, under the government frank, and it turns out that this strictly government publication, printed at the expense of the people, has been made use of to circulate two political Republican speeches that were never made in Congress. Two months after Congress has adjourned tariff speeches by Representatives McCleary and Olmstead are printed. Each of these members got the floor for five minutes to "get leave to print" speeches that were never spoken, and the American people are now getting two speeches of great porportions in the Record, thinly disguised, as campaign documents. Ostensibly these speeches are printed as a number of the Congressional

STEEL TRACK ROADS

GENERAL STONE ON THE ADVANTAGES OF THESE HIGHWAYS.

Cheaper to Build In Many Places Than Stone Roads, He Says, and Cheaper to Maintain—The Use of Them in New York City.

"Twenty centuries have seen no advance in the art of road building. We build no better than the ancient Romans or Peruvians," said General Roy Stone in an address at the national good ronds convention. "We have invented railroads and perfected them, but it has scarcely occurred to us that the same means of 'smoothing the way' is open to us on common roads and that there is no more reason for running a wagon over stones and dirt than a locomotive. Within the last few years European engineers have awakened to that fact, and successful experiments have been made in steel tracks for wagons in Germany and even in Spain. In this country, with our little appropriations for the government road inquiry, we have tried to experiment in steel, but always with some cheap makeshift of construction that gave no result.

"A year ago I persuaded the Automobile Club of America to make a thorough test of steel tracks in city and country, and, with the liberal aid of the president of the steel trust, we are doing so. Special plates twelve inches wide were rolled, with a heavy downward flange and slight ridge at each end. These were laid in a New York street last autumn, merely bedded in a trench of gravel on a shallow foundation of rough stones, the plates riveted together end to end with side and bottom fish plates and tied occasionally by a cross rod. They have not varied a hair's breadth in line or level under a heavy traffic and have so favorably impressed the engineers of the city that they have been ordered for use along the docks, and bids are asked for extension in streets intended for heavy trucking. No patent is involved in this construction, and such improvements upon it as I have personally devised and patented will be free to the public.

"The traction on the plates is found to be so much easier that the same power which will pull one ton on a good stone block pavement will pull nearly four tons on the steel tracks. This is not the place to go into details, but I think I can maintain these points:

"First.—That the steel roads will be cheaper to build than good stone roads in many places, especially in the Mississippi valley, where hard rock is absent.

"Second.—That in all places they will be much cheaper to maintain.

"Third.—That they will reduce the cost of hauling to less than one-third of that on the best stone roads, considering both the power required and the wear and tear of animals and equipment.

"The common field stones and bank gravel will serve for foundation, or where they cannot be found burned clay will do equally well. A few inches of gravel to put between the plates can always be brought by railroad if necessary.

"The government of the United States has repeatedly used both its cash and its credit in promoting all kinds of public works. It has even loaned its credit to private corporations for the public good. If it is to give aid now to road building the form which that aid shall take is a matter of expediency, not of power or precedent. The only questions to be settled are what plan will do the most good and what are the safeguards offered.

"Using government's credit would give almost unlimited aid. Its guarantee would enable the local communities to borrow money at 2 per cent and to postpone payment indefinitely or forever. As to safeguards, the communities which borrow money on such terms for such a purpose could afford to give whatever security the government might demand for its guarantee, and the investment itself would multiply its own security since every dollar put into road building adds $5 to $10 to property values in the vicinity.

"The steel construction would offer a peculiarly good security. Stone roads have nothing worth removing, but steel rails and their attachments could be removed and laid elsewhere, although probably no county would ever allow its roads to be stripped of their metal through default in payment of its interest. And, assuming that the foundations and the hauling and laying of the plates, all of which involve only common labor, are provided for by contribution or a labor tax, the loan required will only be the bare cost of the metal, and for this the metal itself would be a fairly good security.

"Again, assuming that the cost of the steel for a country road in ordinary times is, say, $2,000 per mile, the annual interest charge will only be $40 per mile, no more than the usual cost of keeping up an earth road and only a fraction of the repairs on a stone road, so that the tax rate need not be increased to secure all the benefits of the best road possible, and no default in payment of interest ever need be feared."

THE CLICK IN THE HALL

[Original.]

Years ago when I was a very young man I learned telegraphy and when I was twenty-five years old received a flattering offer to go to Italy to instruct a corps of operators for a new line then building. From Italy I was called to Sicily on similar business, where I remained several months.

One day a ship came in from America with passengers who were mostly pleasure or health seekers, among them an American gentleman, Mr. Esten and his daughter Alice. Alice Esten was in delicate health, and this was the reason for their making the trip. Mr. Esten was wealthy and spent his money lavishly. He took the best rooms in the hotel and had all the servants at his beck, each striving to win the coins he kept in his pocket to secure their attention. I made his acquaintance one evening, and when he learned that I was a telegrapher he told me that he had been an operator himself; had secured an interest in a telegraph line which had afterward been sold out to a combination for so much money that his share had made him rich.

He was very unwise in not concealing his wealth, for the Sicilian brigands are noted for kidnaping rich people and holding them for ransom. They soon spotted Mr. Esten and one day when he was climbing an ascent back of the hotel alone took him in charge. When he did not return for dinner a search was made, and he was not to be found within a distance of a dozen miles. Then it was determined that he had fallen into the hands of brigands.

The landlord commissioned me to break the news to Alice Esten, and I confess I found it a difficult matter. She cast her large blue eyes, full of tears and pleading, at me and begged me to save her father from being murdered. It was impossible to avoid seeming to acquiesce, and I told her that I would start at once in search of him. I was to go into the interior on business, but I had not the faintest expectation of being of any service to Mr. Esten. Indeed, his case was in his own hands. Probably at first he might not defer to the demands of his captors, but after awhile, with death staring him in the face, he would be obliged to yield.

I did not forget either the father or daughter and tried to get wind of the former. I opened telegraph offices and often in communicating with the coast asked if any news had come from the captive. A reply finally came that it was reported that the demands of the bandits, who thought he was fabulously rich, were so enormous that he could not pay them. At least this was the assumption from what the bandits had permitted to be known. I worked across the island, then back again. One night I stopped at a station in the mountains where there was only one building in which a stranger could be accommodated, but its owner and the people I saw about the place were so villianous looking that I feared to stay there. However, there was no choice, and, leaving what money I possessed at the station, I took up my quarters in this uninviting abode.

The head of my bed was against a wall, and before going to sleep I heard what at first I took to be a mouse's gnawing, though the wall was of stone and mice do not try to work their way through masonry. My surroundings were so disagreeable that I did not get to sleep easily, and this continued click in the wall did not add to my ability to do so. Finally it occurred to me that there was, to speak paradoxically, an irregular regularity about the clicks. Besides, they would stop and be resumed at intervals which were about equal. They began to interest me. After a silence, when they were resumed again I listened attentively. Almost any telegrapher from force of habit will attempt to find letters in such sounds, and I soon found myself trying to do so. What was my astonishment the moment I began to read:

"Any one procuring his release." With a beating heart I waited for the tapping which ended with the word "release" to recommence. When it did I followed the words.

"An American gentleman is imprisoned here by bandits. He will give a large sum to any one procuring his release."

The moment the message was finished I sprang out of bed, took a large knife from my trousers pocket and with the handle telegraphed on the wall:

"Are you Mr. Esten?"

"Yes. Thank God for the question!"

"I am the operator you met at the hotel."

It was determined between us that we should wait till morning, when I would telegraph for a force to come up and release him. We chatted half the night, however, and I didn't sleep a wink. He had been sending his messages at intervals ever since he had been captured.

The next morning I sauntered carelessly out of the house, sent my message, and that night troops surrounded the place and captured every one on it. Mr. Esten and I returned to the coast, and in time three brigands were executed for his capture.

This was the beginning of my intimacy with the Estens and was a rather advantageous introduction. Though I told the truth, Alice would never believe that I had not gone purposely to seek her father. Mr. Esten offered me a check for $10,000, which I declined. I wanted something more valuable, and I got it—his daughter.

SPIRITS TURPENTINE.

— Farmers from various sections of North Carolina agree in saying that the crops are very much better than they were last year. The outlook is certainly very promising.

— Charlotte Observer: It was observed that the platform adopted at Greensboro yesterday pointed with pride twice, viewed with alarm once, but did not repudiate with scorn at all.

— At the final session of the 36th convention of the National Council Junior Order United American Mechanics, at St. Louis, on Friday, W. E. Faison, of Raleigh, was elected National Councilor, the highest officer in the order.

— The Rev. Dr. T. N. Ivey, a trustee of the Methodist Orphanage at Raleigh stated that it is the purpose when a new building is completed to place 200 more orphans in the institution, this number being ready for admission. This will make nearly 250 orphans there by fall.

— There is said to be several cases of smallpox in the neighborhood of Morven, Anson county—one in the town and five at McFarlan, a few miles below there. Every precaution possible is being taken to prevent the spread of the dreadful disease.

— George Connor, a young white man of Goldsboro, was drowned Friday afternoon about 4 o'clock in Neuse river, where he and several companions had gone to bathe. It seems that he had a fit while in the water and his friends were unable to save him. The body was recovered.

— Governor Aycock says this about it: Democratic politicians are talking a good deal about the negro plank in the Republican platform. In my opinion this will lose the Republicans more votes than it will gain for them. The North has too much invested in the South and is beginning to understand the situation too well to be willing to join in a crusade against the South."

— The Charlotte *News* says of Governor Aycock's speech at the State convention: It was the one speech that was listened to by an impatient convention that did not want him to stop. We hope to give it in full to our readers as an admirable defence by a man of exalted character of his own administration. It gives the lie to several charges, but that had to be because Aycock loves the truth and tells it.

— At Raleigh on Friday the Secretary of State granted a charter to the J. P. Taylor Leaf Tobacco Co., of Henderson, with $200,000 capital stock, the stockholders being Jacqulin P. Taylor, Erasmus Taylor and James I. Miller. The Kinston Ginning Company was authorized to change its name to the Hanrahan Milling Company, and to move its place of business to Hanrahan.

— Charlotte *Chronicle*: To day there are three men in North Carolina who will agree that politics is a good thing for a gentleman to keep out of. ——Stedman didn't get the nomination. But he can have the satisfaction of having conducted his campaign on a high, dignified and honorable plane. The respect and confidence of the people may be worth more than a nomination for office.

— John Click, a young negro, is in jail at Salisbury charged with a criminal assault upon Cora Kelly, a little colored girl not ten years of age. The crime is said to have been committed Wednesday night, but the officers were unable to find the negro until Friday morning. Mrs. Lizzie Ward was an eye-witness to the affair and had the warrant issued against him. The negro denies the charge.

— Charlotte News: Francis D. Winston, Democratic nominee for Lieutenant Governor, is a talented member of a talented family. He was a prominent member of the Legislature four years ago, and was appointed by Governor Aycock one of the Superior Court judges. He was defeated for the office by Judge Peebles at the next election, who probably wishes now he hadn't. Winston will make an admirable presiding officer of the Senate. Senator Joe Brown, of Columbus, came into the race too late and this fact accounts for the smallness of his vote. He is a good man to keep one's eye on for the future.

— Judge George H. Brown was unanimously elected this time. He was defeated by a small majority by Justice Connor at the last Democratic convention. Judge W. A. Hoke received a substantial majority on the first ballot to-day in his contest with Judge Justice. No mistake could have been made in the selection of two out of three of these men. Judge Brown and Judge Hoke will adorn the Supreme Court bench as they have adorned the Superior Court bench and as Judge Justice will still adorn it. It is a relief also to have a solid Democratic Judiciary again with the choice that that involves of the men for that high office.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newson, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Bentenville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. The Morning Star

WILMINGTON, N. C.

SUNDAY MORNING, JUNE 26,

WRECK ON THE BIG FOUR.

Train Running Sixty Miles an Hour—Two Trainmen Killed and Five Other Persons Injured.

By Telegraph to the Morning Star.

DELAWARE, O., June 25.—The southbound Twentieth Century Limited, on the Big Four railroad, jumped the track here this noon, while running sixty miles an hour. The train consisted of an engine and four coaches and was making terrific speed. The engine, baggage car and one coach turned over on their sides in a ditch. The wreck was caused by spreading rails and took place about 300 yards from the station.

The dead are: Bert Shepperd, engineer, Cleveland; Richard Neil, baggage man, Cleveland. The injured: Patrick Gore, fireman, Cleveland, slightly; Charles Kiffler, contractor, Cleveland, seriously; C. A. Haas, news agent, Cleveland, arms badly scalded; Allen McDonald, passenger, Louisville, Ky., badly cut. The other passengers were shaken up and bruised, but all of them save McDonald were able to proceed on their way to Columbus.

New York Politicians Hunting Up Richard Croker Abroad to Start a Boom for the Ex-President.

By Cable to the Morning Star.

LONDON, June 25.—Ex-Mayor VanWyck, of New York and John F. Carroll, who arrived at Liverpool on the Cunard Line steamer Campania to-day, accompanied by a number of New York political friends, reached London to-night and took up their quarters at the Carlton Hotel where many Americans greeted them. Messrs VanWyck and Carroll will go to Wantage to see Richard Croker early next week. It is understood that the object of the visit is to urge Mr. Croker to exert his influence on behalf of Grover Cleveland for the presidency.

Mr. VanWyck said to the Associated Press: "I am practically out of politics except as a loyal servant of the party, but I put what I think is for the good of the country before the party. It is no secret that I am a Cleveland man. I am going to see Mr. Croker; there is no new political deal on, but it is well to talk over things. After visiting Mr. Croker I shall go for a few weeks to the continent, returning to the United States to participate in the campaign."

APPEAL FILED

From Decision of Judge Purnell in Case of Cuyler vs. the A. & N. C.

By Telegraph to the Morning Star.

RICHMOND, VA., June 25.—An appeal was filed to-day in the United States Circuit Court of Appeals in the case of John P. Cuyler vs. the Atlantic and North Carolina Railroad Company, and the case will come up at the next term of the court. The appeal is from the decision of Judge Purnell, of the United States Circuit Court for the Eastern District of North Carolina, who appointed receivers for the road and was made possible by the order of Justice Fuller granting a supersedeas which stayed the receivership proceedings and left the property in the hands of the company. A bond of $25,000 was required of the defendants. This proceeding has no connection with the contempt case which grew out of publications by Editor Daniels in the Raleigh "News and Observer" concerning the railroad matter.

NOTABLE MAN DEAD.

Former Congressman from Kentucky Known as "Quinine Jim."

By Telegraph to the Morning Star.

HOPKINSVILLE, KY., June 25.—Hon. James A. McKenzie, former Congressman from this district, died at his home at Oak Grove to-day. He was 64 years old and known everywhere as "Quinine Jim."

Prominence came to Mr. McKenzie during his strenuous and successful championing of the bill, of which he was the author, to take the tax off quinine. The speech which, through its humor, logic and earnestness sent that measure through the House and put the drug in the reach of thousands reach who had been unable to use it before on account of the prohibitive tax upon it, was printed in newspapers all over the United States and was quoted by politicians for years after.

The trouble occurred at a negro church celebration at noon to day. Cargell was struck on the head with a baseball bat and was shot in the body three times. Both negroes were shot twice through the body, but will recover.

NAVAL ENGAGEMENT NEAR PORT ARTHUR

Fleet of Japanese Torpedo Boat Destroyers Attack the Russian Warships.

JAPANESE ADMIRAL'S REPORT

Russian Battleship Torpedoed and Sunk. Another Battleship and a Cruiser Damaged—Japanese Ships Sustained Little Damage.

By Cable to the Morning Star.

TOKIO, June 25, Noon.—Admiral Togo reports that on Thursday last his patrol boats discovered the battleship Peresviet and seven other vessels, accompanied by nine torpedo boat destroyers, near the entrance of Port Arthur harbor. They warned him wirelessly and he immediately advanced his fleet except those engaged upon special duty. The admiral then discovered that the Russian fleet, which consisted of six battleships, five cruisers and fourteen destroyers, evidently planned a dash southward by sundown. The Russians stopped outside the entrance to the harbor and after nightfall a fleet of Japanese torpedo boat destroyers resolutely attacked the Russian ships and succeeded in torpedoing and sinking a battleship of the Peresviet type and disabled the battleship Sebastopol. A cruiser of the Diana type was observed being towed into the harbor on Friday morning and it was evident she had sustained serious damage. The Japanese ships sustained little damage. The torpedo boat destroyer Shirakumo was hit by a shell that fell in the cabin and had three men killed and three others wounded. The Chidori, a vessel of the same class, was hit behind the engine room, but no casualties resulted therefrom. Torpedo boats Sixty-four and Sixty-six were slightly damaged.

ST. PETERSBURG, June 25.—The admiralty has no direct news of the naval battle fought off Port Arthur June 23rd, but the announcement of the engagement evidently created no surprise here, the authorities having been aware that the squadron of Rear Admiral Wilhoft was ready to put to sea at a moment's notice. On Thursday, the correspondent of the Associated Press was informed, as announced in these dispatches, that important naval developments were anticipated. If an actual engagement occurred the admiralty cannot believe that Admiral Togo got off practically scot free. Particular solicitude, therefore, is expressed to know whether the Russian battleship Peresviet was sunk by a mine as she was emerging from the harbor or by a projectile, as it is known that the Japanese have repeatedly tried to mine the entrance.

Russian Cavalry Routed

LONDON, June 25.—The Japanese legation this afternoon received a dispatch from Tokio announcing that a detachment of the Takushan army surprised and routed a squadron of Russian cavalry, ten miles northwest of Santao Kow, on the Ta Tehe Kiao road at dawn June 23rd, and also occupied the heights north thereof, expelling the Russians, who left sixty dead on the field.

Chinese Bandits.

MUKDEN, June 25.—Last night one hundred Chinese bandits, excellently armed and equipped and led by Japanese officers, attempted to blow up with dynamite the bridge over the Koulau river, three miles south of Kerson and 127 miles northeast of Mukden. The attack was repulsed by border scouts. According to the inhabitants of the vicinity, there have been numerous previous attempts to destroy this bridge. The bandits are said to fight splendidly and to be entirely different from the ill-organized brigands of 1900.

Twelve Miles from Port Arthur.

TA-TCHE-KIAO, (between Kai Chou and Hai Cheng), Liao Tung Peninsula, June 22.—The Japanese forces are within twelve miles of Port Arthur, the whole male population of which, from the age of fifteen and upwards, is under arms. The women are assisting in the work of completing the defences. Civilian cyclists occasionally establish communication with the outside world.

CHE FOO, June 25, 11 P. M.—There was firing at Port Arthur last night (June 24th) and to-night. The booming of big guns were distinctly heard here.

Eighteen Japanese transports have been seen going west along the Corean coast.

Battle Unavoidable

LIAO YANG, June 26.—The armies of General Oku and General Kuroki, aggregating at least six divisions, are confronted by the huge force under General Kuropatkin. The tension here is most acute at the approach of the important battle of the war, in which three times the number of troops engaged at Kiu Lien Cheng, Kinchau and Vafango will take part. The proximity of the rainy season makes the battle unavoidable.

Russian Report.

ST. PETERSBURG, June 25.—The general staff has received the following dispatch from Lieutenant General Sakaroff, under date of June 25:

"Since the morning of June 23 the enemy has continued to advance toward Kai-Chou. Three detachments of cavalry, each consisting of four or five squadrons, led, and were followed by dense lines of infantry, behind which are marching columns of the line. The Japanese outposts toward evening extended along the Kho valley, about nine miles south of Senu-Chen, with the cavalry posted in the rear. The infantry with machine guns held the village of Moisatung on the right flank. There was firing all day long. We had one man wounded.

"The frontier guards under sub-Lieutenant Demeyer ambushed and fired on a squadron of Japanese cavalry which lost considerably, ten of their horses being killed.

"There had been no further advance of the enemy towards Kai-Chau up to 1 o'clock yesterday afternoon since June 21st, when a movement of the Japanese was observed from Khanza, on the southern Siu-Yen road towards Kai-Chau along the mountainous route from Khanza leading northward to Siakholung.

"The Japanese on June 22 occupied the village of Sian Diao, but toward evening evacuated the place under pressure by a detachment of our vanguard.

"The enemy concentrated three battalions with six guns and four squadrons of cavalry at Maidavalise and at dawn of June 23 a detachment consisting of a battalion of infantry, two guns and two squadrons of cavalry suddenly attacked a company of vanguards bivouacking at Sian Diano and forced the company to retire. The Japanese occupied Black mountain, north of Sian Diano and also the pass east of Sian Diano on the Siakhotung road.

"The Russians concentrated on the heights near Siakholung four companies with three mountain guns which were ordered to move from Siakhotung over the pass to Sian Diao. The Japanese were dislodged from their position by our artillery, and our detachment, reinforced, proceeded at 11 o'clock in the morning to attack the whole of the enemy's front. The enemy fell back in great disorder and Sian Diao was re-occupied at 1 o'clock in the afternoon. Our artillery fire forced back the Japanese, who retired precipitately beyond Eritaku.

"Our losses were seven soldiers killed, three officers and fourteen soldiers wounded and one man missing. The officer commanding the detachment speaks highly of the behavior of our artillery.

"Some Cossacks, on June 23, prepared an ambuscade at Linisiakhe, about four miles from Selyuchang. A Japanese detachment fell into the ambuscade and lots fifteen killed or wounded. Sub-Lieutenant Polozoff of the Russian force was wounded.

"At 11 o'clock on the morning of June 22nd a Russian detachment reconnoitering three miles to the eastward of Alyangmen exchanged shots with the enemy's vanguard. At about noon the Russians advanced and attacked the Japanese on the right flank, dislodging them from several advanced fortified positions.

"A Russian detachment at 5 o'clock in the afternoon approached the enemy's main position and found it occupied by three regiments of infantry with eighteen guns. The Russians held their positions until 9 o'clock, not attacking the Japanese because of the latter's superior force and not being attacked. Our detachment then retired in perfect order."

OVER ONE THOUSAND PERSONS PERISHED.

The Total Mortality by Slocum Disaster is 1,031—Result of Minute Inquiry Made by Direction of Inspectors.

By Telegraph to the Morning Star.

NEW YORK, June 25.—That upwards of one thousand persons perished in the burning of the excursion steamer General Slocum is now practically certain. According to an exhaustive report made by Police Inspector Schmittberger on the number of dead, missing, injured and uninjured in the disaster, it appears that 938 bodies have been recovered, and that 93 persons absolutely known to have been aboard the vessel are still unaccounted for, bringing the total mortality of the disaster to 1,031. Those injured number 179, and of the throng of fully 1,500 who embarked on the excursion of St. Mark's church, but 236 escaped without injury. The report is the result of a minute inquiry by a corps of one hundred patrolmen under the direction of the inspectors. In the course of the inquiry much valuable information was secured from the survivors which will be used in the investigation by the district attorney to fix the responsibility for the disaster. A thorough examination to-day of the hull of the Slocum by Coroners O'Gorman and Berry and Inspector Albertson resulted in the discovery in the locker in which the started a number of barrels which had contained kerosene and lubricating oil. The coroner's inquest will be continued on Tuesday and on Thursday the hearing by the the Federal grand jury will be opened

A GREAT RACE AT ST. LOUIS.

The World's Fair Handicap, Worth to the Winner $41,000, Won by Colonial Girl—50,000 Spectators.

By Telegraph to the Morning Star.

ST. LOUIS, June 25.—Colonial Girl, by Medler Springtide, five years old, owned by Otto Stiffel, of St. Louis, running in the name of C. E. Rowe & Company, easily won the World's Fair handicap at the fair grounds today. The Eastern champion, Hermis, was second, three lengths back.

The race was a mile and a quarter, and was worth $41,000 to the winner. The track was in fair condition and about six seconds slow. Redfern, on Hermis, was the quickest to get his mount into motion, followed closely by Gold Heels, Moharib and Colonial Girl. Redfern immediately shot his mount to the outside of the track, where the going was better, followed closely by Gold Heels and Mohrib. Passing the stand the first time, Hermis was leading by four lengths, running very easily with Colonial Girl a length ahead of Moharib. Taking up the long run down the back stretch, Hermis showed the way, leading by six lengths, with Colonial Girl running easy and a length ahead of Moharib. Hermis carried the field to the half in 50-½ seconds, a terrific pace for a slow track. Colonial Girl still hung, running well within herself. At the three-quarters pole Hermis seemed to have the race at his mercy, but little A. W. Booker noticing that the Eastern horse faltered and was tiring rapidly, sent Colonial Girl after him. Redfern felt his mount tire under him and struck him with the whip as the St. Louis horse ran up alongside of him.

Hermis shot out into the lead again, but it was a dying effort. Colonial Girl was steadily and speedily overhauling. As they rounded into the stretch a cry went up from the fifty thousand spectators that the great Hermis was beaten. The horses passed the wire with Colonial Girl under wraps three lengths to the good; Hermis, tiring at every jump, second, six lengths ahead of Moharib, with the rest of the field beaten off.

After the race Stiffel presented Jockey A. W. Booker with $10,000.

STRANGE STORY

Told by Man Who Claimed to Have Been Robbed of $2,500

By Telegraph to the Morning Star.

MEMPHIS, TENN., June 25.—George Ligon, of Millington, a suburb of this city, who complained to the Memphis police of being held up and robbed of $5,250 by two men late Wednesday night, to-day notified Chief Mason that he found his money belt with the money intact, tied to the knob of his door this morning when he got up. Ligon could give no description of the two men other than that they were not negroes. He claims to have had the money in a belt about his waist.

A STREET FIGHT WITH REVOLVERS.

Two Men Killed and Two Others Seriously Wounded in City of Leavenworth, Ks.

THE RESULT OF A QUARREL.

A Deserter from the United States Army Began the Row by Shooting a Man Through the Heart—Was Himself Killed by Police.

By Telegraph to the Morning Star.

LEAVENWORTH, KAS., June 25.—Two men were killed and two injured today in a street fight with revolvers, the result of a quarrel between two harvest hands. The dead are William Hammong, farm hand; George P. Cole, army deserter. Wounded: Chas. F. Seeley, newspaper man, Minneapolis; Joseph Besser.

George P. Cole, a deserter from the Thirtieth infantry, who has been employed on a farm near this city, became involved in a quarrel with William Hammond, another farm hand, and without a single word of warning, shot him through the heart

Cole, with the revolver in his hand, passed through the main business streets of the city, which were crowded with women and children, warning every one to keep away from him. A force of policemen hurried to the scene, and about forty shots were exchanged. Charles F. Seeley, a newspaper man of Minneapolis, and Joseph Besser were wounded.

Cole took refuge in a private dwelling, and when Chief of Police Taylor entered and called upon him to surrender he shot twice at the officer, who returned the fire, laying Cole low with a bullet in the temple. He died within two hours.

MURDER AND SUICIDE.

Man Fatally Shot His Reputed Wife and Then Killed Himself—Cause of the Double Tragedy Unknown.

By Telegraph to the Morning Star.

NEW YORK, June 25.—John M. Bell, an agent for a typewriter company, shot and killed a woman variously known as his housekeeper and wife, in the apartment in which they had occupied in West 18th street, this evening, and then he turned the revolver upon himself, inflicting a wound in his right temple which caused his death in a few seconds. The authorities have been able only to theorize as to the cause of the double shooting, as the testimony of other tenants in the house gives no indication of ill feeling between the couple.

The shooting took place in the room where the couple had been eating their evening meal.

Mrs. O'Mara, a tenant on the same floor, heard half dozen revolver shots. Immediately afterwards her door was burst open and the woman bleeding from wounds in her breast and back fell forward and died almost instantly. Another shot followed and Bell was found dead, with a revolver with every chamber empty on the floor beside him. Four of Bell's shots took effect in the body of the woman, one piercing her heart.

Tenants of the house say that the woman returned from a visit of several weeks to Chicago only a few days ago. She had been there, it is said, to attend the funeral of her mother.

GEO. B. McLELLAN.

New York Daily News, Tammany Organ, Urges His Nomination for President.

By Telegraph to the Morning Star.

NEW YORK, June 25.—The New York "Daily News," which has recently changed hands and has come out as a straight Democratic newspaper and is recognized as the organ of Tammany Hall, will to-morrow print a three-page article advocating George B. McClellan, the present mayor, as the nominee of the Democratic party for the presidency. On account of the paper's policy, knowledge of the publication has created considerable speculation in local political quarters, where it is construed as indicating the beginning of a strong campaign to nominate McClellan. The "News" claims McClellan to be "The one man whose nomination would mean certain party success. The eyes of the North, East, South and West are upon him." McClellan's record on most public questions is set forth, repeating speeches delivered while he was in Congress.

KENT J. LOOMIS.

Mystery Attending His Disappearance is Still Unsolved.

By Telegraph to the Morning Star.

PARIS, June 24.—The whereabouts of Kent J. Loomis, brother of the American Assistant Secretary of State Francis D. Loomis, who disappeared shortly before or after the arrival of the North German Lloyd steamer Kaiser Wilhelm II at Plymouth, June 20th, remains in the same state of doubt as yesterday. The officials who are conducting the search for the missing man say there is no truth in the report published by a London newspaper to the effect that Loomis turned up here yesterday. The announcement probably resulted from confusing the names of Loomis and W. H. Ellis. The latter sailed from Marseilles this afternoon for Abyssinia.

LUMBER YARDS BURNED.

Fire at Cleveland, O., Caused Losses Aggregating $300,000—Partially Insured.

By Telegraph to the Morning Star.

CLEVELAND, O., June 25. — Fire, supposed to have been of incendiary origin, to-day caused losses aggregating $300,000 in the lumber district lying along the river front. Several acres with big lumber piles were swept clean by the flames. The fire broke out in the box factory of the J. N. Kahn Company, and fanned by a stiff breeze rapidly spread to lumber yards of the Nicolax, Stone & Meyers Company and Guy & Ralph Gray Company. The losses are partially covered by insurance.

Senator Charles W. Fairbanks, Republican candidate for Vice President, arrived in his home last night and was given a generous welcome by his fellow citizens, irrespective of politics. When his train reached the station the Senator was greeted by cheers from ten thousand people.

KENTUCKY FEUD MURDER.

Posse With Bloodhounds on Trail of the Man Supposed to Have Shot Mack White from Ambush.

By Telegraph to the Morning Star.

LOUISVILLE, KY., June 25.—A dispatch from Jackson, Ky., says the posse headed by Sheriff Callahan, which has been on the trail of the man who is supposed to have shot and killed Mack White from ambush, followed their man during the night, but lost him at Oakdale. Sheriff Callahan thinks the fugitive secured a horse there.

Judge Callahan, at Jackson to-day, issued warrants for the arrest of Jas. and Cass Sallcers on the charge of murdering White. The bloodhounds on the scent with the posse ran into the Sallcers' home and jumped upon the bed, and this prompted the posse to ask for the warrants. Both Sallcers have disappeared and are said to have left on horseback.

LEXINGTON, KY., June 25.—Captain V. G. Millikin, owner of the dogs that trailed the assassin of White in Breathitt county, has arrived in Lexington with his dogs. He said a man named Shot is also suspected and a warrant will be issued for Shot. He met Milliken at the depot and was one of the pursuing posse. As soon as he saw the dogs strike a trail he left the posse and went through the mountains. It is believed he warned the Sallcers. Nothing more was seen of him.

WARM WIRELETS.

C. J. Gavin, of New Mexico, has fleen appointed reading clerk of the Democratic national convention. One of his qualifications is his marvellous voice.

A negro boy named John Henry Banks shot and killed John Brown, another negro, near Johnson depot, Buckingham county, Va. Brown some timeago had the boy arrested for disturbing preaching at a colored church.

Mrs. Josephine E. Tyler, of Crosswicks, and Henry B. Brown, Justice of the Supreme Court of the United State, were married yesterday at Bordentown, N. J. The ceremony was performed by Bishop Scarborough, of New Jersey.

The Pope yesterday received in private audience Mgr. Mugabur, the coadjutor archbishop of Tokio, and had a long conference with him regarding the situation in Japan and the events of the war. His holiness expressed admiration for the valor and heroic efforts of the Japanese, and satisfaction with the complete liberty that Catholics enjoy in Japan.

The Birth of Advertisements.

The first periodical newspaper of the English press appeared in 1622, but advertisements were not developed till 1647. In April of the latter year was published No. 13 of "Perfect Occurrencies of Every Daie Journall in Parliament and Other Moderate Intelligence," which contained the following announcement:

"A Book applauded by the Clergy of England called 'The Divine Right of Church Government,' collected by sundry eminent Ministers in the Citie of London, corrected and augmented in many places, with a briefe Reply to certain Queries against the Ministery of England; is printed and published for Joseph Hunscot and George Calvert and Are to be sold at Stationer's Hall and at the 'Golden Fleece' in the Old Change."

The London Gazette was the first newspaper to publish commercial advertisements, which soon began to occupy so much space that the proprietors, not wishing to "charge the Gazette with advertisements unless they be matters of State," issued a Special Advertisement Supplement, "printed apart and recommended to the Publick by another hand."

Older still is an advertisement in a black letter Dutch paper of an auction of sugar, ivory and tobacco held at the close of 1626.

A Weird Incident.

Some years ago the following strange incident took place in a west end club: There lay on the table in one of the rooms a list of members who had put down their names for an approaching house dinner. A workman on a ladder, who was putting the finishing touches to the decoration of the ceiling, let fall a single tiny splash of red paint, which dropped on the first name on the list and obliterated it as if with the stroke of a pen. Some of the members who noticed this occurrence thought it a very bad omen; others, like Hamlet, defied augury. But, curiously enough, the member whose name had thus been struck out was taken ill the next day and died in the club on the night before the dinner was to have taken place.—Golden Penny.

Valuable Shares.

The shares of the New River corporation are the most valuable in the world, and only fractions of them usually come upon the market. For many years the shares were sold at £5 apiece, and indeed Charles I. reassigned his king's shares to the company in return for a perpetual annual payment of £500, which sum, under the style of the "king's clog," is still paid. How bad a bargain that was is shown by the dividend for years past having averaged over £2,000 per share, while a few years ago one of the shares was sold for £122,000 by public auction. The actual face value of the shares is £100.—London Standard.

Webster Was Willing.

When Daniel Webster's market man had sued him for a long unpaid bill and got his money he was so scared at his temerity that he stopped calling at the door for orders. The godlike Daniel asked him why one day, and the man confessed that he supposed Mr. Webster would never trade with him again. "Oh," said Webster, "sue me as often as you like, but for heaven's sake don't starve me." There was never a time when the great man was not willing to owe as much as anybody was willing to let him owe.—Springfield Republican.
